INSTALLATION OF THIS PENDANT HAS TO BE DONE BY A LICENSED ELECTRICIAN

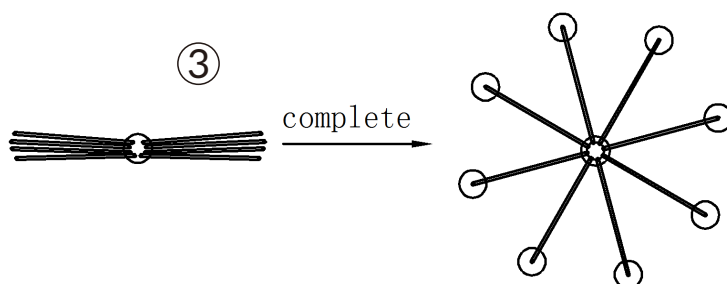

WARNING : Switch off the main electrical supply at the main fuse box / circuit breaker before installation.

- Carefully remove all parts from the box
- Link the center pole (G) and the screw nipple (H) together

- Take the mounting brackets (A) from the ceiling cap (D) by taking off the screws (E).
- Drill holes in the ceiling support beam based on the size of the screws (E) and in line with holes in the mounting bracket.
- Insert the expansion tubes (B) in the holes in the ceiling support beam, then fix the mounting bracket to the ceiling support beam with the screws (C).
- ENSURE THE ELECTRICITY SUPPLY IS TURNED OFF.
- Connect the 3 power wires from the pendant to the power wires in the ceiling.
 - o Brown is the Live wire
 - o Blue is the Neutral wire
 - o Green/Yellow is the Earth wire
- Attached the ceiling cap (D) to the mounting bracket (A) and secure with screws (E).
- Adjust each of the pendant's arms till you achieve the completed shape of the pendant as below.

- Install the bulbs(not included),gently hold the bulb firmly and turn until secured.
- Installation is complete, turn on power at fuse or circuit breaker.
- Clean with a dry, soft cloth only. Use no harsh abrasives or chemical agents.
