Important Safety Issues:

- This product must be installed by a professional, licensed electrician according to AS/NZ 3000.
- Ensure power supply is switched off before installation
- Modifications of this product will void any warranty
- Vencha Lighting does not take responsibility for wrong installation or incorrect use.

Steps for Installation:

1. Turn off power, make sure circuit is free of voltage.
2. Undo screws from fitting, remove base plate from fitting
3. Install base plate in desired location using appropriate screws for application
4. Connect power cables to terminal inside fitting
5. Select colour temperature from switch in base plate
6. Reattached fitting to baseplate, tighten screws making sure fitting is secure and tight to avoid water penetration.
7. Apply silicon around fitting to avoid water penetration.
8. Turn power back on and test fitting operates correctly.
