

LIGHTING THAT OUTPERFORMS

SINCE 1998

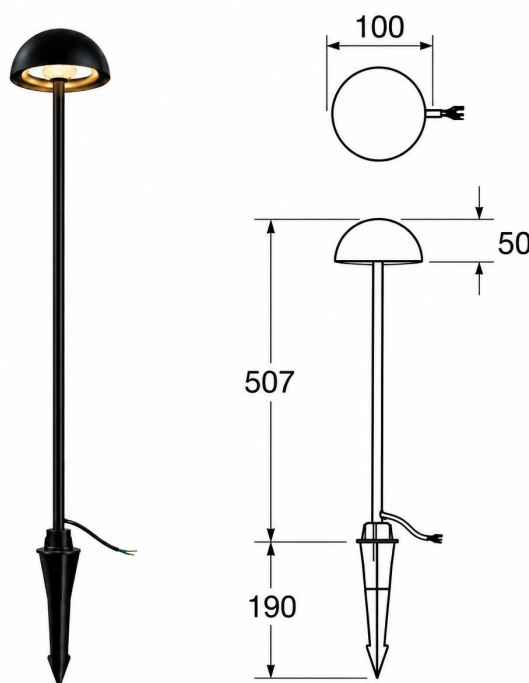

CRESCENT 24V 6W PATH LIGHT

The Crescent Path light is designed for commercial landscapes, harsh coastal environments and the relentless four season climates. The Housing is made of Marine grade bronze, the lens is impact resistance glass and fully seal closure achieving an IP rating 65.

The Crescent luminaire is best suited to gentle downlighting the pathways, terraces and low growing plants. The hood eliminates any vertical light spill and directs a soft, even wash of illumination downward, enhancing safety and visibility throughout the garden. It also features a 3CCT selectable switch, allowing flexibility across multiple colour temperatures.
