

-20°C < Ta < +40°C, 220-240V ~ 50/60Hz, Class I, IP20

Luminaire is non-dimmable.

Suitable for mounting on a normally flammable surface.

Installation

1. Ensure mains supply is switched off before commencing work.
2. Remove the cover at the CCT switch end by removing the screw. Remove the diffuser.
3. Mark appropriate fixing points on wall or ceiling; check that fixings will not impinge on concealed cables or pipes before drilling holes.
4. Connect supply cables to fitting terminal: Brown/Live to L, Neutral/Blue to N and Earth/Green Yellow to E.
5. The default setting for the fitting is 3000K. Move switch to select 4500K or 6500K.
WARNING: DO NOT CHANGE CCT WHEN THE FITTING IS ON!!
6. Refit the diffuser and the end cover. Ensure it is secure.

This product has no user serviceable parts. If any part is damaged, disconnect from mains and discontinue use
