

LIGHTING THAT OUTPERFORMS

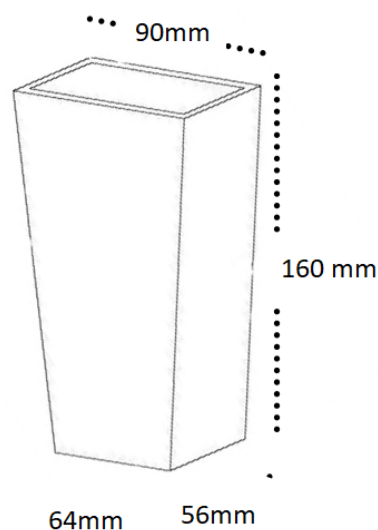

MIA

SINCE 1998

The MIA exterior wall light is a robust outdoor lighting fixture featuring two 5W COB (Chip-on-Board) LEDs, delivering a total of 960 lumens at a 4000K color temperature for neutral white light. It operates on 240VAC power and offers a high color rendering index (CRI) of >80. With an IP54 rating, the light is resistant to dust and water, making it suitable for outdoor use. The fixture is constructed from tough die-cast aluminum with clear tempered glass, and it has a 90° beam angle for efficient illumination. Its impact resistance is rated at IK07, and it comes in matte black or matte white finishes. The light measures 160mm in height, 90mm in width, and 56mm in depth. It is backed by a 3-year warranty, ensuring reliable performance for outdoor installations.
