

Moon Wall

LED Wall Light

Description

MOON Series is one of the most well designed series that allows a versatile range of products to be suitable for almost any interior application. MOON Series combines a stylish half sphere body design with a dedicated fascia depending on the light effect required. Part of a family of pendant light, semi-recessed light, track light, track pendant light, surface mounted light as well as a wall light. Featuring painted Matt White and Matt Black colour options. Power Switchable from 6W or 9W depending on your choice of brightness level. Fully dimmable with suitable dimmers. Tri-colour switchable – choose between 3000K Warm White, 4000K Neutral White or 5000K White. Decide which effect your MOON series light will offer you – Flood Fascia, Spot Fascia, Opal Fascia or Tube Fascia.

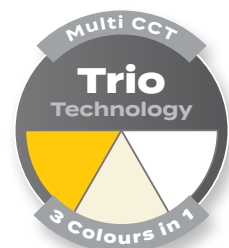

Specification Features
