

NEO-10-SM-TILT LED Surface Mounted Downlight

Description

The NEO-SM-TILT Series is a dimmable surface mounted LED downlight range that has a tilt function to offset the light at an angle of 25°. NEO-SM-TILT series is a great option for those looking for an alternative to recessed downlights, or for installations where recessing a hole is not possible. Available in Black or White frame, and with the choice of Warm White, Neutral White or White colour temperature options (Tri-colour switchable). Complete with dimmable LED driver. Backed by our Three Year Replacement Warranty.
