

Scoop-13-Trio Adjustable LED Downlight

Description

The SCOOP-13 is the first in the line-up of single point COB adjustable LED down lights. Features include satin white or black finished frame and glass diffuser. Light is provided from a single point COB high performing LED with a perfectly matched 60° optical reflector. The reflector behaves in much the same way as a standard 50W halogen lamp does with the favourable scallop style illumination. Added benefits of up to 45° tilt function and fully mains dimmable LED driver makes this a perfect alternative to halogen and CFL style down lights.

Specification Features

Input Voltage:	240V AC
Power (W):	13W
IP rating (IP):	20
Lumens (lm):	Warm White 3000K - 780lm Neutral White 4000K - 880lm White 5000K - 870lm
LED type:	COB
