

LIGHTING THAT OUTPERFORMS

SINCE 1998

SYLVIA PENDANT AND WALL LIGHT

The Sylvia Pendant and wall light are visually quite subtle and simple. Each individual cast glass sphere with a frosted cylindrical void which houses the LED globe. The light interacts with the imperfections and bubbles of the cast glass to make a visually rich halo of light. Cast glass is an organic process - imperfect by nature - so each piece produced is unique.

Pendant Specification:

Model No: UPSYLVIA
Base: 1 x G4 12V 10W Max
Driver: Not included
Finish: Glass with Chrome Canopy
