

## DOMINIQUE TRAVERTINE TABLE LAMP

B12377

Simple and elegant, the Dominique table lamp is defined by a stunning slab of travertine atop a brass base and completed with a rectangle linen shade and matching brass finial. Sharp, clean lines frame the classic column silhouette to create a functional showpiece. The use of natural materials that shape this rectangular form brings a sophisticated organic element to a space. Opt for a slubbed white linen shade for a soft and dreamy ambience.
